

Gaba Workers ON STRIKE!

For nearly a year, management has refused to budge on any of our demands. As a result, we feel we have no choice but to strike.

We demand that Gaba:

1. Reinstate Joseph, who was fired for a clerical error!
2. Provide fair compensation for cancelled lessons!
3. Negotiate with us before disciplining our members or changing working conditions!
4. Cooperate fully with immigration procedures!
5. Allow us to post information in break rooms and speak at training sessions!

We apologize to our clients and our fellow Gaba workers for any inconvenience. Our dispute is with management, not you.

And we encourage all instructors, counsellors and other staff to join us in our struggle to improve working conditions at Gaba! Together, we can make Gaba better!

For more information, please check out our website:
